

ABOVE & BEYOND

VERY

NEW DISCOVERY SPORT  
THE FLEXIBLE BUSINESS MODEL.

FIRST LOOK

The New Discovery Sport signals the arrival of a new generation of Land Rover vehicles. With its sleek design and well-proportioned interior it certainly stands out. And with a combination of innovative technology such as intelligent Stop/Start and versatile features like 5+2 Slide and Recline seating, it's flexible enough to fit into any business fleet.

## LEADING THE WAY

The New Discovery Sport has been developed to provide maximum performance in even the most challenging conditions. Innovative features like Dynamic Stability Control and Terrain Response® mean confidence always comes as standard.

## MORE OPTIONS. MORE SPACE.

With 5+2 Slide and Recline seating, the New Discovery Sport offers a flexible interior. There's enough space for flow charts or surfboards. So whether you go to a business meeting in the city, or on a family trip to the coast, it's always up to the challenge.

## FORWARD THINKING

From the new infotainment system with responsive touchscreen to Corner Brake Control technology that monitors performance – the New Discovery Sport boasts all the advances needed to make the business of driving a pleasure.

## THE SHAPE OF SUCCESS

The sculpted silhouette and refined curves of the New Discovery Sport make it a vehicle that stands out for the right reasons. This attention to detail continues inside, where the premium feel cabin and ergonomic layout provides space and style.
